

HOMEBUYER TAX CREDIT

First-time homebuyers can get 20% of the
interest paid on their mortgage back!

You deserve the credit!

The Kentucky Housing Corporation Homebuyer Tax Credit allows homeowners to take 20% of the interest paid on their mortgage as a dollar-for-dollar credit on their tax returns. Better yet, the remaining mortgage interest is still eligible for an itemized tax deduction.

Eligibility Requirements

- Purchase a home in Kentucky
- Have a 30-year fixed interest rate mortgage
- Meet income and purchase price limits

Ask a KHC-approved lender if you qualify!

Benefits of Tax Credit

- Eligible as long as you own your home and are paying mortgage
- Receive a larger tax refund annually
- Can opt to file a revised W-4 to pay fewer taxes each month instead of getting the credit at the end of the year*

*Consult a tax advisor before making any tax decisions.

Beware of Recapture Tax

You could be subject to recapture tax if you:

- Sell your home within 9 years of the closing date
- Have a net gain on the sale of your home
- Have at least 5% or more in pay increases each year
